SPECIAL PHOTO EDITION: “THROUGH OUR RESIDENTS’ EYES”

As we close out September and welcome the first days of fall, we’re excited to share this Special Edition of the Beacon Hill Community News — focused entirely on the beauty of our community through resident contributions. This week features **Jim Stempak’s (Lot 60)** breathtaking sunrise photos, perfectly capturing the season’s arrival, and the **Long’s (Lot 19)** stunning home photos (Lot 19), now part of our marketing showcase. Together, these highlights remind us of the charm and character that make Beacon Hill truly one of a kind.

We’d love to keep building on the wonderful contributions that residents have already shared. Photos and videos of your homes, views, and everyday moments at Beacon Hill help **tell the story of our community** to future homeowners in an authentic, personal way. Whether it’s a sunrise from your porch, a family gathering, or a favorite backyard spot, your perspective matters. If you’d like to share, please send your submissions to PSlack@liveatbeaconhill.com—your images could be featured in our marketing or the next newsletter!
