

# Beacon Hill

## Community News

JANUARY 9, 2026 | NO. 13

### CLUB CANINE OFFICIALLY OPEN

With the exception of a few remaining cosmetic enhancements, we are proud to announce the official opening of Club Canine. This new amenity offers a dedicated space for pets to enjoy good old-fashioned exercise, including use of the newly installed obstacles designed to encourage activity and play. We are delighted to add this lighted amenity to the community and look forward to seeing residents and their pets enjoy this new space together.

### RESIDENT WILDLIFE SIGHTINGS

Jacque Meadows of Lot 66, captured these amazing shots of a young hawk and falcon on January 8th. These photos will be featured in Beacon Hill marketing and media use. We encourage residents to continue sharing any lifestyle or wildlife photos they capture around the community, as we love highlighting the natural beauty of Beacon Hill through our residents' experiences.

### COUNTY ROADS PAVED & COMPLETE

County Roads 4023 and 4024 are now open as of this afternoon. This long-awaited upgrade provides a smooth thoroughfare for both our Main and Rear Gates. Residents near the rear gate now have easier access to Hwy 175 via 4023 and 4024. A special thank you to our residents who helped advocate for this much-needed improvement by contacting Precinct 4 Commissioner Tommy Flynn.
